

A platform for  
Assessing and  
Bridging  
**Generative AI**  
and **Human Skills**  
in Secondary  
Education.

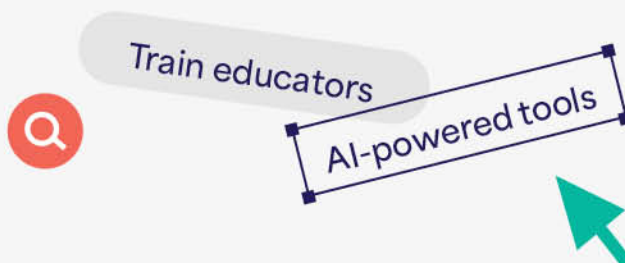

# Why GenAI4ED?

Generative AI is transforming education, offering tools for personalised tutoring, content creation, and automatic grading.

Yet, its rapid growth raises ethical concerns and challenges for educators. GenAI4ED addresses these by:

- Ensuring ethical AI integration.
- Supporting teachers in adapting to new technologies.
- Providing tools to enhance teaching and learning.

# Objectives and Activities

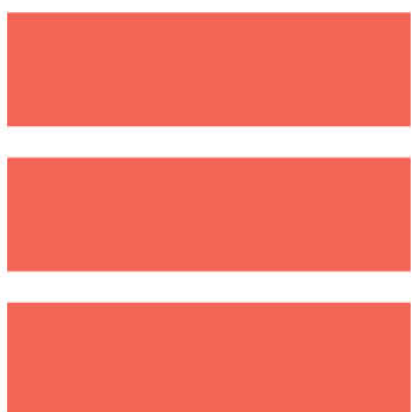

## Our Goals

- Enhance education through AI-powered tools.
- Train educators in digital competencies.
- Promote ethical and inclusive AI use.

## Key Activities

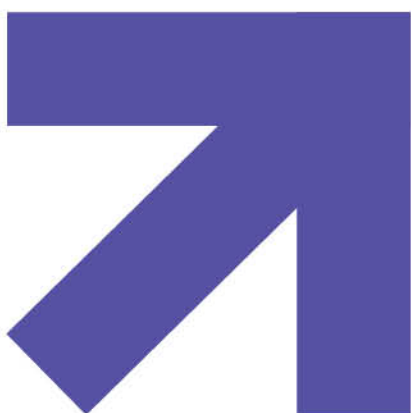

- Develop a platform to evaluate AI educational tools.
- Conduct pilot studies in diverse schools.
- Collaborate with stakeholders for policy recommendations.

# Impact and Outcomes

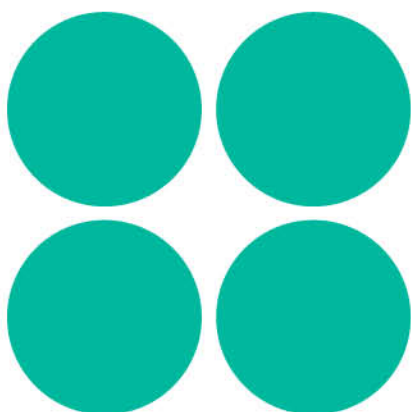

## For Students

Personalised learning  
and improved engagement.

## For Educators

Streamlined teaching tasks and  
better working conditions.

## For Society

Ethical guidelines for AI  
in education and policy  
frameworks.

# How to Get Involved

Are you an educator,  
policymaker,  
or stakeholder?  
Join us!

- Participate in pilot studies.
- Share insights during workshops and discussions.
- Access training programs on GenAI tools.
